NERVES WORN OUT

Noted New York Divine Returns from
Trip Abroad With Shattered
Health.

Boston, Aug. 2.—Rev. Minot J. Savage, the well known pastor of churches in New York and this city, has arrived home from several months abroad. When asked if his health had improved, since he left New York last May Mr. Savage was visibly affected, and his eyes threatened tears.

"I am not well—no better than when I went abroad with so many expectations that the trip would prove of benefit. I am obliged to come back, and shall go immediately to a sanitarium in Danville, N. Y. I have plenty of bodily strength, but my nerves are all worn out."

Five Drowned on Pleasure Trip.
Ottumwa, Iowa, Aug. 2.—Five persons were drowned today from a launch in the Des Moines river, near this city. The party had started out on a pleasure trip. The boat became unmanageable in the strong current, due to the high water, and finally the engine broke down. The boat with its helpless occupants then drifted over the dam and crashed into the rocks below.

Direct Line to Zanesville.
Judge Stone, M. E. Coffey, J. J. Breiting and B. E. Ottman are among the members of Cleveland capitalists who have begun active operations on the building of an electric line from Cleveland to Zanesville by way of Orrville, New Philadelphia and Coshocton. With this line completed Canton will have a direct line to Zanesville by way of New Comerstown and Coshocton.

BACHTEL CASE

Decision of Judge Hole Regarding
New Trial Will Be Handed
Down This Morning.

At 10 o'clock this morning is the hour scheduled when Common Pleas Judge W. W. Hole, of Columbiana county, and who presided at the first and second trials, will be in Canton and hand down his decision on the motion for a new trial filed by the defense in the case of Ohio vs. ex-Cashier Bachtel of the Canton State bank.

The motion was argued and submitted to the court several months ago and just why a decision in the matter has been so long delayed is not clear. Up to the present time three of the indictments against the ex-cashier have been tried, the jury's verdict on the first trial being "guilty" and the latter two "not guilty."

The public seem to have manifested a great interest in the efforts of Prosecutor Upham to punish the guilty parties, if any, but there seems to have been many legal obstacles placed in the way of justice to the many unfortunate depositors of the late Canton State bank.

OVERLAND TRIPS

AVOIDED BY MARK TWAIN WHO
EXPECTS TO MAKE ONE
MORE

Because He Cannot Go in Ship De-
clines Invitation to Visit Cairo
With Roosevelt.

Cairo, Ill., Aug. 2.—In a letter to Mayor George Parsons declining an invitation to be his guest during the brief visit of President Roosevelt on October 3, while on his tour of inspection down the Mississippi river, Mark Twain declares he has an aversion to overland trips, but would be glad to accept if he could come in a ship. The letter is as follows:

"Tuxedo Park, N. Y., July 29.—My dear Mr. Parsons: I thank you very heartily for the high compliment of the invitation, and I would accept at once if I could make the trip in a ship, but as that is not possible, I am obliged to decline. To me a land journey is the perfection of discomfort, and I am not expecting to take another one until I go in a barge, a barge with rubber tires, or I will cancel the engagement. I hope you will have a good time; indeed I am able to predict that you will.

"Very sincerely yours,
"S. L. CLEMENS."

GOOD ENTERTAINMENT

At Park Theatre This Week and Good
Bill Promised for Next.

Manager Harris is certainly to be complimented for the manner in which he is conducting the Lake Park theatre, and particularly for the high class vaudeville he has been offering to the theatre goers of Canton and vicinity. Not content with having a minstrel show last week he put on a number of specialties that were very good. One wonders how vaudeville such as Park theatre patrons have been witnessing can be put on the stage at such low prices, namely 10, 20 and 30 cents, but it is presumed Mr. Harris would sooner give a good show and draw a larger number of people than a poor show and a small attendance. The bill next week looks like a good one. If it comes up to the past bills it is all that could be asked as the attendance this season shows for itself the popularity of the entertainments given.

Among the causes of rural depopulation in England are the attractions of cities, the conversion of arable land into pasture, the consolidation of farms, the use of labor-saving machinery, the lower average wages of \$3.50 a week, the craze to get rich quick, the spirit of the age and its restless desire for amusement.

Imitating the New York engineers who moved a great steel bridge two miles down the Harlem river on scows, a Boston firm has floated a seven-room house, intact, from Prison Point, Charlestown, to the Beach at Winthrop Highlands. The house has stood for years at the Prison Point crossing of the Boston and Maine railroad and was occupied by the draw tender. The construction of a grade crossing bridge made necessary the removal of the house. It was purchased by speculators and moved by them. It will be used as a summer cottage.

THREE GRAVES

Found in Virginia Town Freshen Re-
collection of Ohio Regiment
Commanded by Two
Presidents.

Three long-forgotten graves, the first
filled with earth only, the second
containing the decayed blanket and
dress of a Union soldier and the third,
a crumbling, half-wasted human skele-
ton were discovered in the back yard
of Attorney H. Lacey McCreery's
dwelling in Beckley, W. Va., recently,
by Thomas Warden while digging a
ditch for drain tile. The graves were
shallow, having been sunk to a depth
of only about two feet.

In addition to the blanket and blue
uniform found in the second grave
there were also discovered parts of a
pair of boots and a hat or cap lined,
as it were, with the hair of its mis-
sing owner. The hair was light brown.
The body that had been buried
where the skeleton was found had ap-
parently been entombed in a crude
wooden box as evidenced by the pres-
ence of a few rotting pieces of rough
boards, but all vestige of clothing was
wanting.

As to the origin of the graves there
is little question. Colonel Ruther-
ford B. Hayes and Major William Mc-
Kinley, both presidents of the United
States later, in command of the Twen-
ty-third Ohio regiment, occupied the
town of Beckley for several months
in 1862, and it is quite probable that
these are the graves of some of the

soldiers who had either died of sick-
ness or fallen in battle. That two of
the graves contained no bodies is ex-
plained by the fact that the Union
dead were removed by their comrades
sometime subsequent to the occupa-
tion of the city.

TAFT BOOM

May Be Partly Checked at Meeting of
Veterans' Association.

Topeka, Kas., Aug. 2.—A last ef-
fort will be made Aug. 10 to check the
Taft presidential boom in Kansas,
when Speaker Cannon appears at
Dodge City to address the Veterans'
Association.

Plans are being made to send thou-
sands of Republicans there and espe-
cially from the big sugar beet district
along the Arkansas Valley, where the
anti-Taft sentiment is strong. This
is due to Secretary Taft's St. Louis
speech favoring the admission of free
sugar from the Philippines.

Consul J. L. Brittain of Kiehl ad-
vises that a new electric railway has
just been opened for traffic from the
Alsation town of Munster to the
Schlucht, the summit of the mountains
dividing Germany and France. This
six and seven-tenths miles line was
built at a cost of \$285,000, and con-
nects the Schlucht with a similar line
extending to Gerardmer, France. The
electric omnibus is killing the lively
business in many of the towns of
Alsace-Lorraine and Baden.

Queen Louise of Denmark is ex-
tremely wealthy, for she not only in-
herited a large fortune from her
father, but also from her mother,
Princess Louise of the Netherlands
who was one of the greatest royal
heiresses of the nineteenth century.
Both the King and the Queen of Den-
